2016 Illinois Transfer Report Available

Launch of IL Transfer Planning Resource - “TransferREADY”

New Transferology Overview Video For Students

Congratulations to Resurrection University!

2016 Illinois Transfer Report

The Illinois Statewide Transfer Report for 2016 is now available! These reports are compiled from data collected by the Illinois Board of Higher Education and Illinois Community College Board, submitted by the institutions for Fall 10 Day Enrollment reports.

In addition to the annual report, the multi-year trend report has been updated to include 2016 transfer information. All reports are available at www.mycreditstransfer.org/support/transferdata.asp.

PLEASE NOTE: These are very long documents. We highly recommend you scroll to your target institution(s) and select a specific page-range before sending them to print.
TransferREADY

We are excited to launch a new online publication: TransferREADY. The website grew out of a need high school counselors expressed for their students and developing this tool from that perspective has been an exciting journey.

This tool focuses on the information Illinois high school students need to plan transfer from an Illinois community college to an Illinois 4-year institution but we think it will be a valuable resource for counselors and parents, too.

Many of you saw an early draft, prior to the name TransferREADY. We introduced the site at the 2017 IACAC Transfer Summit, to a few Illinois transfer advisory committees, and at the 2017 Spring Transfer Coordinator meeting. The feedback received has been invaluable in helping us gather the resources and address the topics students really want!

Check out TransferREADY at www.mycreditstransfer.org/transferready. Don’t miss these features:

Which One are You? - Click to view advising pointers, depending on the student’s current plan.
Transfer Basics - Answers common questions and clarifies information students need for transfer planning.
Myth Busters - Rest your cursor on a myth to reveal the truth!
Learn More - Click a button to connect with other online resources.

We hope you and your students will find it a valuable resource. Email Dena Lawrence at denalawr@uillinois.edu to let us know what you think.
New Transferology Video for Students

CollegeSource has posted an updated overview video on Transferology for students. We realize these updated links can be frustrating for institutions that publish them. That’s why we are pleased to report, this should be the last link you need!

That’s right... CollegeSource is no longer using YouTube, so the link location needn’t change when they update the video. From now on users can find the “how to” videos on Transferology’s main login page.

Either click “Watch how easy it is.” or scroll down to the “Check out our videos” section. To post a link to that location, please use https://www.transferology.com/state/il?all#videoAnchor.

Congratulations to Resurrection University!

Congratulations to Resurrection University for their excellent work in completing implementation in Transferology™! This is extremely valuable to students seeking transfer to Resurrection and to community college advisors who serve as their partners in the transfer process.

Using Transferology, students can now determine how their courses transfer to Resurrection, learn about Resurrection University from their school profile page and submit requests for more information.
